## INTERMEDIATE EVALUATION REPORT

### TECHNICAL SUMMARY

V. 1.0

#### Contents of the Intermediate evaluation report at 30 June 2019

The structure of the Interim Evaluation Report hinges on the answer to the thirty questions of the Common Evaluation Questionnaire, each of which is the subject of an independent discussion which includes:

- the definition and delimitation of the context to which the question refers,
- the description of the state of implementation (only for questions 1-18),
- the definition of judgment criteria and indicators,
- the description of the quantitative and qualitative methods and of the information sources used,
- an illustration of the results of the analysis,
- the answer to the evaluation question,
- summary tables of conclusions and recommendations.

Two reflections of a "horizontal" nature have developed following the reflections conducted in the context of the common evaluation questions:

- the first relating to the allocation and efficiency of spending,
- the second regarding the effectiveness of the selection criteria.

Finally, the Report contains the updating of the framework of indicators: context, result and impact.

#### Methodologies implemented for observation and analysis

The contents of the Interim Evaluation Report are the result of a series of data collection and analysis activities, both cross-cutting and thematic.

The transversal activities contributed to defining a basic information framework useful for all the focus areas, which is based on:
